## **Detroit Loses A Legend**

On Sunday Oct 10th a beacon in Detroit dance music history went out. Enola Gaye Porter, 49, director of the Midwestern Dance Association Record Pool, passed away.

MDA is the oldest and most respected record pool for djs in Michigan. Enola's mother Dawn started the pool over 20 years ago & Enola took it over when her mother passed.

Anyone who knew Enola, knew that she was like a mother to her djs. She embraced all—newcomers and seasoned veterans—with warmth and love. She was fiercely devoted to her djs and the dance music community. She clearly enjoyed taking her “kids” to attend the annual Billboard Dance Music Summit and Winter Music Conferences.

Her love, guidance and support will be greatly missed by all. She is survived by her partner John Goode.
